

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER NO. 77-110

NPDES NO. CA0037435

ORDER AMENDING ORDER NOS. 74-136 and
76-49 TO ADOPT REVISED REQUIREMENTS
AND TIME SCHEDULE FOR:

SANITARY DISTRICT NO. 6 - BAHIA PLANT
MARIN COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region, finds that:

1. The Regional Board, on November 1, 1974, adopted Order No. 74-136 (NPDES Permit No. CA0037435) prescribing waste discharge requirements and compliance time schedules for Sanitary District No. 6 of Marin County, Bahia Plant.
2. The Regional Board, on May 4, 1976, adopted Order No. 76-49 prescribing revised waste discharge requirements and compliance time schedule for Sanitary District No. 6 of Marin County, Bahia Plant.
3. The District is participating in the Marin - Sonoma Subregional Agency Study to comply with certain effluent and receiving water limitations and the prohibition against discharge with less than 10 to 1 initial dilution. Completion of draft Environmental Impact Report/Environmental Impact Statement (EIR/EIS) has been delayed due to delays in promulgation of specifications for Bay studies by the State Board and the adoption of the marsh policy by this Regional Board.
4. This project involves the continued operation of a publicly-owned facility to provide sewerage service with negligible or no expansion of use beyond that previously. Consequently, this project will not have a significant effect on the environment based upon the exemption provided in Section 15101, Title 14, California Administrative Code.
5. The Board has notified the discharger and interested agencies and persons of its intent to prescribe revised requirements for Sanitary District No. 6 of Marin County, Bahia Plant.
6. The Board, in a public meeting, heard and considered all comments pertaining to this discharge.

IT IS HEREBY ORDERED, that the Regional Board amends Order Nos. 74-136 and 76-49 to read as follows:

Provision D.2.b.
